

Tarun Kumar

DOB - 30 JUNE 1993
ktaruno80@gmail.com | +918755595145 | [linkedin.com/in/tarunkohio](https://www.linkedin.com/in/tarunkohio)

EDUCATION

TULA'S INSTITUTE (Aff. UTTARAKHAND TECHNICAL UNIVERSITY, DEHRADUN)

BACHELOR OF COMPUTER APPLICATIONS (BCA)

Grad. August 2016 | per: 75.5%

COUNTRY WIDE PUBLIC SCHOOL, BAGESHWAR

PCM WITH PHYSICAL EDUCATION (XIITH)

Grad. July 2010 | per: 56.4%

ST. LAWRENCE PUBLIC SCHOOL, HALDWANI

ENGLISH, HINDI, MATHS, SCIENCE & SOCIAL STUDIES (XTH)

Grad. May 2008 | per: 69.8%

COURSEWORK

UNDERGRADUATE

Programming in C & C++
System Analysis & Design
Digital Electronics
Theory of Computation
Data Base Management System
Software Engineering
Data Communication & Computer Networks
OOPS, UNIX & Dot Net Framework
Computer Graphics & Java
Network Security & Mathematical Foundation of Computer Science

SKILLS

PROGRAMMING

Languages & Skills

• JavaScript • Manual Testing • Jira • Node JS • CSS (beginner) • C#

Other Tools:

• Gen AI tools (chat gpt, deepseek, Gemini, cursor, claude, nano banana) • Github
• Vercel • Visual Studio code • Adobe Premiere pro • Adobe Photoshop

PERSONAL SKILLS

• Creativity • Communication • Leadership • Hardworking • Multitasking

Languages Spoken:

• English • Hindi

PROJECT(S), TRAINING & EXP

MICROSOFT DVLUP | APP DEVELOPMENT | WINDOWS | C# | TRAINING

• Built Several Detailed Apps (in C#) for Microsoft Dvlup Team & won a Microsoft Lumia Phone, A Wildcraft bag and Microsoft Azure certificate during (15 days Industrial Training by Microsoft Dvlup Team) period.

• Everything was done from the Scratch (solo) related to Development (i.e UX/UI Design, coding, Debug and Testing) in vs code.

WEBSITE DEVELOPMENT | WORDPRESS | CSS | node JS | Github | Vercel

• Developed official websites for government schools by mixing custom CSS with easy-to-use drag-and-drop features. I used Photoshop to make sure all the images looked crisp and professional, and I made sure everything was fully responsive so the sites work perfectly on phones. It was all about making the schools look great online with a clean, mobile-friendly setup. Link (www.augicbhatkhola.com) & (www.gicamsyari.com).

• Built a minimal resume site by integrating Node.js and GitHub with a Vercel deployment pipeline. Utilized Gen AI to assist in coding and architecture, ensuring a clean and efficient user experience. Link: (tarun-kumar-resume.vercel.app).

PC BUILDING PROJECT | GAMING PC | HARDWARE

• Built a custom gaming rig from scratch for a client, handling everything from picking the best parts on Amazon to staying right on budget. I made sure the build was super clean with pro-level cable management so it looks as good as it performs. Delivered a fully tested, ready-to-game setup that the customer could just plug in and start playing.

LIFE EXP & EXTRA CURRICULARS

ACHIEVEMENTS & AWARDS

VIDEO GAMES | HOW ITS HELPFUL IN SOFTWARE TESTING

- I've spent 15+ years in the world of competitive gaming—from grinding ranks in Dota and Counter-Strike to beating over 120 different titles which includes pc and console platforms. This isn't just a hobby; it's built my 'tester's brain' to spot bugs, lag, and broken mechanics instantly. I use that same gamer intuition to break down software, find hidden defects, and make sure the final product feels perfect for the end user.

- Why this actually helps you in Testing:

- The "Break It" Mindset: Gamers naturally try to find shortcuts or "cheese" mechanics, which is exactly what Boundary Value Analysis and Negative Testing are in the software world.

- Stress Testing: You understand how software behaves when things get fast and chaotic (like a team fight in Dota).

MANAGED ACCOUNTS | BANKING | FINANCE | MANAGEMENT

- I took care of the business banking for a music production company owned by my Aunt, starting with setting up their corporate PNB account from scratch. I was responsible for all the day-to-day stuff like adding beneficiaries, handling transactions, and pulling official statements. I also made sure the whole account was locked down and secure, keeping the company's finances organized and safe.

INTERIOR DESIGN & DECOR | SOFA | DINING TABLE | TV | CHIMNEY

- I took charge of a home interior project where I custom-designed a 9-seater sofa, carefully selecting the perfect style and fabric to match my space. I managed the entire build process, directing the furniture makers step-by-step to ensure the quality and finish were exactly what I envisioned. It was a hands-on project that turned a creative vision into a high-quality, professional-looking reality for my home.

- I handled a custom interior project for my home, focusing on a unique 8-seater dining table design. I personally sourced and imported a UV marble sheet from another city to get the exact look I wanted and directed the furniture maker daily to ensure every detail was perfect. After 20 days of hands-on management, the result was a high-end, custom piece that fits the room perfectly.

- **1ST PRIZE** in **HAND WRITING** Competetion at (SCHOOL LEVEL)
- **1ST PRIZE** in **DRAWING** Competetion at (SCHOOL LEVEL)
- **1ST PRIZE** in **CLEAN & TIDINESS** Competetion at (SCHOOL LEVEL)
- **GOLD MEDAL** in **CARROM** Competetion at (SCHOOL LEVEL)
- **1ST PRIZE** in **TABLE TENNIS** Competetion at (UNIVERSITY LEVEL)
- **HONORABLE MENTION** in **PHOTOGRAPHY** (i.e Eyewin Awards) at INTERNATIONAL LEVEL

HOBBIES & INTERESTS

- Video Games • Art, Design & Filmmaking • Watching Movies, Anime & Kdramas
- Youtube (www.youtube.com/ohayochan) • Photography • Sketching
